AFI CARE

COMPANY PROFILE

About Us

Afi Care LLC is a Minnesota-based provider of high-quality, person-centered Home and Community-Based Services (HCBS), designed to empower individuals with disabilities and the elderly to live independently and with dignity in their communities.

We are committed to cultural responsiveness, professionalism, and compassionate care. Our team reflects the communities we serve — diverse, trained, and deeply committed to making a positive impact in every household.

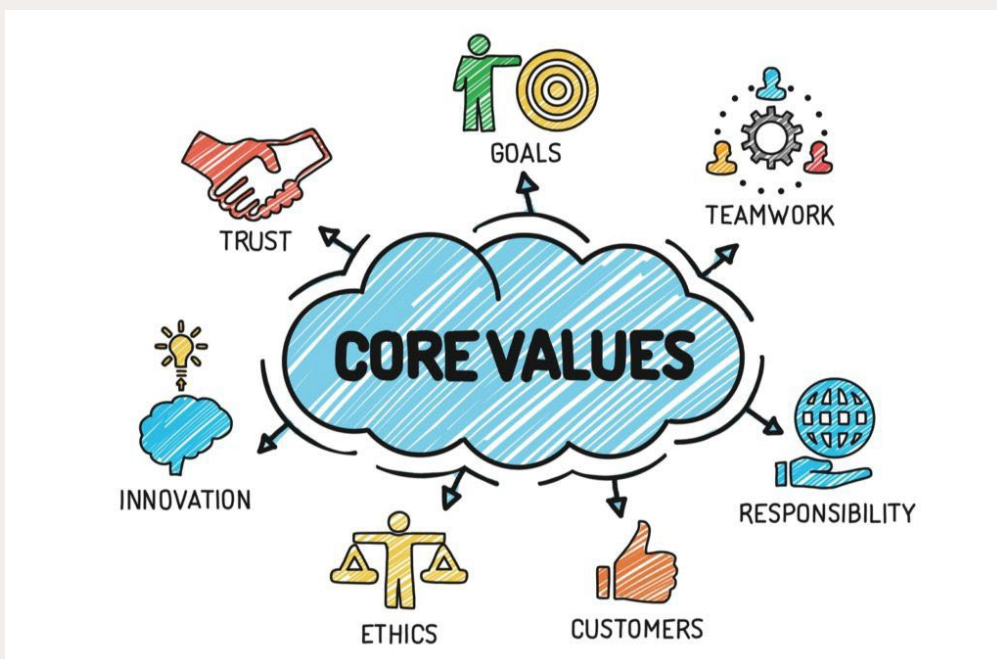

Mission

To provide dependable, respectful, and empowering support services that promote independence, community integration, and overall well-being for all individuals in our

Vision

To Provide our customers the highest level of quality home care and medical response services in 24 hours.

Core Values

Sustainability

We do implement cost-efficient, environmentally friendly practices to support healthy and resilient environments and communities over time.

We do create and maintain the conditions under which humans and nature can exist in productive harmony

A photograph of a young Black woman, likely a caregiver, smiling and leaning over an elderly white woman. The elderly woman is seated in a wheelchair, wearing an orange hospital gown and glasses. She is holding a white container with orange stripes on a wooden table. The background is a warm, indoor setting with framed pictures on the wall.

- **Light Household Org**

Companion and Respite Care

Caring for a loved one can be one of the most rewarding yet challenging responsibilities. Whether you're a family caregiver or a concerned relative, balancing daily life while providing constant care can take a toll on your physical and emotional well-being. That's where companionship and respite care services come in, offering invaluable support to seniors and their families.

Night Supervision

Night Supervision is overnight assistance and supervision provided by a staff in the person's own home when the person has an assessed need in one of the following areas:

- Implementation of the person's positive support programming and transition plans.
- Reinforcement of skill development supports
- Assistance with activities of daily living
- Assistance with instrumental activities of daily living

24-Hour Emergency Assistance

We do provide immediate assistance in case of a health or personal emergency, such as a sudden illness, accident, or emotional crisis. Our team help connect the person with the appropriate resources and services, including medical care, counseling, and financial assistance.
